

## FOSTER CARE TRAINING RECORD

Name(s): \_\_\_\_\_ Training Record for Year: \_\_\_\_\_

*Each foster parent and any adult in the home in a parenting role is required to participate in a minimum of 12 hours of training per year to develop and enhance their skills in providing foster care services. Orientation and training hours can and should take place in a variety of settings and through a variety of methods. Except for licensing specific trainings (mandated reporting, medication management, B.E.S.T., etc.), license holders may not count the hours for the exact same training more than once in their tenure as a foster parent. Examples of training sources: attendance at workshops, participation in a Parent Support Group, podcasts, webinars, and/or consultation with the child's therapist, teacher, medical professional, etc. Up to 6 hours of annual training can come from audio books or books that you have read (100 pages = 1 training hour, max 3 hours per book).*

Total Training Hours Completed	
-----------------------------------	--

### CHILDREN'S MENTAL HEALTH TRAINING

*A minimum of **one hour** of training per year must be in the area of Children's Mental Health. The training should include any of the following keywords: Attachment, Trauma, Depression, Resiliency, Medication (psychotropic), Autism/Pervasive Developmental Disorder, Anxiety, Bipolar, Behavior Disorders, Attention Deficit Hyperactivity Disorder (ADHD), Development, Eating Disorders.*

## FOSTER CARE TRAINING RECORD

### FETAL ALCOHOL SPECTRUM DISORDERS TRAINING

A minimum of **one hour** of training per year must be in the area of Fetal Alcohol Spectrum Disorders. The training should include any of the following keywords: Fetal Alcohol Spectrum Disorders, Alcohol Related Birth Defects, Alcohol Related Neurodevelopmental Disorder, Partial Fetal Alcohol Syndrome, Prenatal Exposure to Alcohol. Must include parenting strategies and skills, not just a general overview of the topic.

Title	Method of Delivery (in-person, book, webinar)	Presenter	Brief Description of Topics & Learning Objectives	Date Completed	Number of Hours

### CPR AND FIRST AID

CPR and First Aid certification for all ages (infant, child and adult) is required for foster care licensure. This training must be completed in-person or in a hybrid format with an in-person instructor-led skill session. CPR certification is often valid for 2 years, so please indicate the current dates of certification. It is the responsibility of the license holder to keep this training up to date and track certification expiration dates. CPR training resources are located on the last page of the training document. If training has been renewed, please share a copy of CPR certification with your licensor. Both applicants (if applicable) must complete this requirement.

## FOSTER CARE TRAINING RECORD

Recommended annually per [Minnesota Rules, part 2960.3070](#):

- 2 hours social equity, racial/cultural identity development
- 2 hours SOGIE, human sexual development, sexualized behavior
- 2 hours de-escalation, crisis intervention and parental self-regulation skills
- 2 hours specifically related to the unique needs or strengths of a child in their care or expected to be placed in their care; may include sessions with a child's therapist, educational specialists or medical providers to learn more about meeting an individual child's needs
- 2 hours secondary trauma, self-care, addressing own trauma or mental health; foster parent's own therapy or attendance at self-care retreat counts.
- [Supporting sex trafficked, exploited and at-risk youth in specialized residential settings](#), modules 1-5 (about 3.5 hours total). May take one or more modules at a time. Strongly recommended for foster, kinship, and pre-adoptive parents especially those serving children aged 10 and older.
