DUAL LIST

INFANT + FOSTER CARE ADOPTION

Dual listing offers you the opportunity to be in both our Infant and foster care adoption programs, ultimately resulting in one adoption.

Is this a good option for you?

Openness to Age

Yes, if you are open to children age 0-3 minimally, ideally open to children up to at least 5 years of age.

Fees

Yes, if you have the ability to pay fees up until, and possibly after, being matched to a child. Fees are outlined on the back.

Openness to Needs

Yes, if you are open to children with known needs ranging from minor to significant and/or siblings.

Dual List Fees

The fees below are based on a combination of our Infant program fees and the rate at which we are reimbursed for Foster Care Adoption services from the State of Minnesota. As a dual list family, you will pay for the services you receive. For example, if placement occurs through our Foster Care Adoption program you would not pay the Infant Post Placement Supervision fee. Fees are non refundable once the service has been provided.
