Municipality (Required at initial licensure only)

Applicants for a non-relative residential program license issued by the Minnesota Department of Human Services under Minnesota Statutes, Chapter 245A, the Human Services Licensing Act, are responsible for contacting the municipality where the program will be located to inquire about local ordinance requirements. The license applicant is responsible for taking all necessary actions as directed by the municipality to comply with local ordinance requirements. Document the following regarding your contact with the local municipality.

NAME OF MUNICIPALITY	DATE OF CONTACT
NAME OF OFFICIAL	PHONE

As your family will be pursuing a foster care license, it is required that you contact the municipality to learn if there are any additional requirements necessary where you live. Your municipality would be whoever does the licensing, permits, etc. where you live (e.g. city hall, etc.). When you call, it is important that you acquire the information needed to complete this section.

Child foster care applicants only

Applicant acknowledgment of public funding reimbursement for licensed services:

Department license holders who receive public funding reimbursement for services provided for care of children in a licensed program must acknowledge they will comply with funding requirements, that compliance with requirements may be monitored by the department's Licensing Division, and they know the consequences for not complying with requirements [Minnesota Statutes, section 245A.04, subd. 1 (h)].

☐ ***As a foster care provider of a child, I acknowledge that I will receive public funding reimbursement for licensed services provided in my program and will comply with all requirements.***

Please check this box as your family is applying to become foster care licensed as part of the FCA/FC program with CHLSS.

Notice about variances

All foster care licensing agencies are required to provide applicants with a summary of child foster care license requirements and standards. A variance to these requirements and standards may be requested in circumstances that do not jeopardize the health or safety of a child. County and child-placing agencies have authority to issue most variances. Only the department has authority to grant variances for dual licensure, child foster care maximum age requirements, chemical use problems, and variances regarding individuals disqualified for child foster care licensure based on background study information.

By signing below:
