Municipality (Required at initial licensure only)

Section only required at initial licensure, so leave blank

Applicants for a non-relative residential program license issued by the Minnesota Department of Human Services under Minnesota Statutes, Chapter 245A, the Human Services Licensing Act, are responsible for contacting the municipality where the program will be located to inquire about local ordinance requirements. The license applicant is responsible for taking all necessary actions as directed by the municipality to comply with local ordinance requirements. Document the following regarding your contact with the local municipality.

NAME OF MUNICIPALITY	DATE OF CONTACT
NAME OF OFFICIAL	PHONE

Child foster care applicants only

Applicant acknowledgment of public funding reimbursement for licensed services:

Department license holders who receive public funding reimbursement for services provided for care of children in a licensed program must acknowledge they will comply with funding requirements, that compliance with requirements may be monitored by the department's Licensing Division, and they know the consequences for not complying with requirements [Minnesota Statutes, section 245A.04, subd. 1 (h)].

As a foster care provider of a child, I acknowledge that I will receive public funding reimbursement for licensed services provided in my program and will comply with all requirements.

Please check this box as your family is applying to become foster care licensed as part of the FCA/FC program with CHLSS.

Notice about variances

All foster care licensing agencies are required to provide applicants with a summary of child foster care license requirements and standards. A variance to these requirements and standards may be requested in circumstances that do not jeopardize the health or safety of a child. County and child-placing agencies have authority to issue most variances. Only the department has authority to grant variances for dual licensure, child foster care maximum age requirements, chemical use problems, and variances regarding individuals disqualified for child foster care licensure based on background study information.

By signing below:

I acknowledge that I received the Applicant Privacy Notice: Child Foster Care and/or the Notice of Privacy Practices (DHS-3979). I also acknowledge that information I have provided on this application is complete and true. I agree that:

- I will comply with requirements in Minnesota Statutes, chapter 245A, and all applicable laws and rules, at all times during terms of the license.
- The department's commissioner representative has the right to request any documentation required by Minnesota rules or laws and to inspect my home and its grounds at any time. The documentation and inspection required by rules are necessary for the commissioner to determine whether I am complying with Minnesota rules and laws.
- Any documentation I provide or representations that I make to the commissioner's representative during the application
 process, during the time I am licensed, during an investigation or throughout the adoption process, will be complete and
 true. I understand that any misrepresentations or other violations of Minnesota rules and laws may result in immediate
 suspension, revocation or denial of a child foster care license, denial of an adoption home study, or termination of
 adoption services.

Authorized agent information (Required only for new applicants)

If more than one applicant, you must designate one applicant to act as the authorized agent authorized to accept service on behalf of all individual license holders of the program. Service on the authorized agent is on all license holders of the program. It is the responsibility of authorized agent to distribute mail received from the department within the facility as needed, and a response provided within stated timelines, when required.

Who is the authorized agent for your child foster care program?

Applicant Privacy Notice: Child foster care

To apply for a license, you must provide identifying information, some of which is public, unless an identified reason for information to be not public. You must allow your program to be inspected by licensing agency staff.

What information is public?

- · The applicant/license holder name, address and phone number
- · License number, license status, services provided under the license, and any limitations on the license
- Licensing actions taken regarding application or license.

How license information is made available

Access information about a license by using the online Licensing Information Lookup search tool on the department's website. See Licensing Information Lookup or http://mn.gov/dhs/general-public/licensing/.

What if I do not want my identifying information made public?

There are circumstances when public identifying information can be limited to ensure the safety of children in foster care. If you believe this applies to you, talk with your licensing worker about limiting public information.

Will licensing information be shared with anyone?

Department staff may give information about you and your program to others authorized under state or federal law. Information is only shared on an as-needed basis to conduct investigations, or provide needed assistance to you or your program.

What if I refuse or withhold information?

Knowingly withholding relevant information, or giving false or misleading information for your license application, may result in denial of your application, or suspension or revocation of a license already issued.
